Application guidance

Back to grants

Breadcrumb identifies hierarchy, not visit history.

320 px: wrap full labels; no ellipsis-only links.

Application guidance / 1

Trail
The trail is Home > Services > Grants > Application guidance.

Current text
Application guidance is plain current-page text, not a redundant link.

Clickable ancestors
Home, Services and Grants are links.

Separator semantics
The greater-than separators are hidden from assistive technology.

Application guidance / 2

Landmark label
The navigation landmark is labelled Breadcrumb.

Narrow trail
The 320 px specimen wraps complete labels instead of ellipsis-only links.

Page heading
Application guidance appears as the page H1.

Back distinction
A separate Back to grants action is outside the breadcrumb landmark.

Application guidance / 3

Focus state
An ancestor link is shown with a visible focus outline.

Link contrast
Links are underlined so link identity does not depend on color.

Landmark order
The breadcrumb precedes H1 and the main article.

No history claim
The annotation explains that hierarchy is not browser visit history.
