After deletion: draft list > Draft deleted

IMPLEMENTATION & STATE HANDOFF

DESTRUCTIVE TITLE: The dialog title reads Delete this draft?

CONSEQUENCE: The body states that the draft cannot be recovered after deletion.

SAFE DEFAULT: Initial focus is on Keep draft, not the destructive action.

EXPLICIT ACTION: The destructive button reads Delete draft.

ESCAPE BEHAVIOR: Escape closes the dialog without deleting.

FOCUS CONTAINMENT: Tab and Shift+Tab cycle within the open modal.

BACKGROUND ISOLATION: Background page content is inert while the modal is open.

RETURN FOCUS: Cancellation returns focus to the originating Delete draft trigger.

DIALOG SEMANTICS: Use role=dialog, aria-modal=true and a title association.

AFTER DELETION: After confirmed deletion, show Draft deleted on the draft list.

NO COLOR RELIANCE: The destructive action is named explicitly rather than identified only by red.

MOBILE SIZING: At 320 px both action labels fit without horizontal scrolling.
