Use Save draft to keep your changes.

+ [collapsed] How do I review it?

+ [collapsed] How do I submit it?

Final submission: review all information before selecting Submit.

Application help / 1

Question labels
The questions are How do I save a draft?, How do I review it?, How do I submit it?.

Native button
Each accordion heading contains a real button.

Expanded semantics
The expanded panel uses aria-expanded=true and a matching controls relationship.

Closed semantics
The two collapsed panels use aria-expanded=false.

Application help / 2

Default state
Save a draft is expanded; the other two panels are collapsed.

Keyboard activation
Enter and Space toggle the focused header button.

Tab order
All header buttons remain in normal Tab order.

Essential content
The only final submission instruction is not hidden as the sole copy inside a collapsed panel.

Application help / 3

No-JS fallback
Without JavaScript, all answers remain readable.

Focus persistence
Opening a panel keeps focus on its header button.

Answer text
The save answer reads Use Save draft to keep your changes.

Visual affordance
The open/closed indicator changes shape as well as having a visible state label.
