Dispatch & authority note

INTERNAL — NOT FOR VENDOR | Review: Jelena Kavanagh and Ragnhild Zuniga

Purpose. Release the attached notice only when the controls below are complete. Xiomara Donnelly's informal promise to send it this week does not establish signing authority or Redcliffe agency authority.

Release control	What must be confirmed / retained	Owner
Authority	Before release, identify the authorised Heronbank signatory or obtain written authority expressly authorising Redcliffe Practice to sign and/or send on Heronbank's behalf. Retain the authority record.	Heronbank contract owner + legal reviewer
Recipient & route	Confirm vendor legal identity; Agreement date/identifier if required; clause 15.1 notice address; permitted delivery route; timing and any receipt requirement. Do not treat dispatch before 31 August alone as effective.	Heronbank legal reviewer
Notice release	Complete all highlighted fields in the notice, check clause 12.4, 7.3 and 15.1 references, obtain final review, and release the executed version only through the confirmed route.	Ragnhild Zuniga / authorised signatory
Claim evidence	Retain Agreement extracts; SLA/outage records; service-credit calculations supporting the £40,000 claim; correspondence on missed credits; and any material relevant to the two configuration-related outages without conceding causation.	Heronbank contract owner
Transmission record	Retain executed notice, authority evidence, delivery proof, timestamps, receipt/acknowledgement, and the vendor's written confirmation of termination and data-return arrangements.	Redcliffe service governance
Data control	Obtain a written return plan under clause 7.3. Heronbank must receive and check monitoring data before retained copies are deleted in accordance with the Agreement.	Heronbank data owner

If not complete before 31 August: hold the unperfected notice; document the missing authority, notice detail or delivery condition; immediately escalate the renewal risk to Heronbank's decision maker; and obtain an authorised decision on the available contractual path. Do not claim an incomplete, unauthorised or undeliverable notice is effective.
