Kestrelbank Standards Institute

Jurisdiction and Rights Notes

Internal working notes for the bridge-inspection course licence. These extracts are not a complete legal opinion.

Ontario material	Scotland material
Permission can be framed as a limited contractual licence for the selected Ontario provider and Ontario teaching use. Record Ontario as the selected territory and use Ontario law and courts only when the provider instance is allocated to Ontario.	Permission can be framed as a limited contractual licence for the selected Scottish provider and Scotland teaching use. Record Scotland as the selected territory and use Scots law and courts only when the provider instance is allocated to Scotland.
Translation and course adaptation may be allowed only on prior written Institute approval. Preserve source attribution and distinguish adapted teaching material from the Institute standard. Do not imply that an altered text is the unmodified standard.	Translation and course adaptation may be allowed only on prior written Institute approval. Preserve source attribution and distinguish adapted teaching material from the Institute standard. Do not imply that an altered text is the unmodified standard.
Approval records should identify the submitted version, scope, approval date and any conditions. Avoid a blanket permission for later changes.	Approval records should identify the submitted version, scope, approval date and any conditions. Avoid a blanket permission for later changes.
Notices and authorised contacts should be recorded in the signed instance. Contract notices should be in writing to the recorded notice details.	Notices and authorised contacts should be recorded in the signed instance. Contract notices should be in writing to the recorded notice details.
A confidentiality provision is supportable for non-public commercial terms and submitted adaptation materials, subject to disclosure required by law.	A confidentiality provision is supportable for non-public commercial terms and submitted adaptation materials, subject to disclosure required by law.
For breach, use a written notice and reasonable cure opportunity where the breach can be cured; immediate cessation can follow termination. No local statutory citation is supplied.	For breach, use a written notice and reasonable cure opportunity where the breach can be cured; immediate cessation can follow termination. No local statutory citation is supplied.

Cross-jurisdiction handling

Do not combine jurisdictions in a single provider grant. The instrument may be reusable, but each signed instance must select one territory, corresponding governing law and forum, provider details, and notice details. No legislation, case authority, mandatory notice period, or specific enforcement remedy is supplied in these notes.
