WILLOWMERE | CLOSING CONFERENCE CARD

Henrik Oyelaran, Controller | Ohio + Kentucky | 9th

Opening position: OH $24,400; KY $17,550; combined $41,950.

1 CONCEDE AT — $1,750
Trade only for written Accrual timing closure in both audits.

2 CONDITIONAL CC — $4,700
Certificate cured; accept only qualifying cures by 2024-03-31 and written period closure. Cumulative: $6,450.

3 RX STOP / PROTECTED HOLD
Refuse Resale characterization movement. Kentucky RX is $15,000; current audited Ohio RX is $20,500. A concession can set precedent across Ohio audited, open, and forward periods.

Escalate: Ohio open RX $6,484; prospective annual $5,110. RX movement requires VP Tax approval, written non-precedent language, Ohio coordination, and full issue/period closure.

Room actions
Accept: document AT closure. Counteroffer: move to CC only with certificate and period closure. Insistence on RX without protections: state hold, request adjournment, escalate to VP Tax. Controller cap: $7,000; cheap package is within cap.

Key convention: keys matched TRIM + UPPER; zero-baseline percentage shown N/M, dollar change still tested.
