## Exception Calls — inbox excerpts

09 Jul | Caller: “The invoice shows 12 bottles but the order source says 10. Capture both values and the order line

11 Jul | Caller: “Please keep the email or invoice reference with the exception so the next reviewer can find it.”

15 Jul | Caller: “A case of six was entered where the item record says twelve; describe the package configuration,

18 Jul | Caller: “The price tier on the order differs from the account price record; record the field and source.”

22 Jul | Caller: “A missing call reference makes the exception hard to trace.”

24 Jul | Caller opinion: “Sales should just approve the amendment.”

25 Jul | Caller opinion: “The representative ought to be disciplined.”

29 Jul | Caller: “Report the observable variance through the exception channel; do not decide the commercial respon
