Counsel Jurisdiction Notes — Braithwaite Estate Look Book

Prepared for Ludmila Seaborne · reference only; not legal advice or a transaction recommendation.

Issue	Topic	Jurisdiction	Comparison / qualification	Approved wording or treatment	Note ID
J-01	Property identity / address	Minnesota	Use the verified street address and compound name. Do not add a historic-register or landmark implication.	Approved wording: “418 Millrace Road · Red Wing, MN 55066.”	MN-01
J-01	Property identity / address	Wisconsin	If Wisconsin-facing copy is used, retain the same verified address and identify the state expressly; do not imply the property is in Wisconsin.	Approved wording: “Minnesota property; 418 Millrace Road · Red Wing, MN 55066.”	WI-01
J-02	Industrial history	Minnesota	“1892 grain elevator structure” and “converted for live-work use in 2011” are factual descriptors only. Avoid designation, safety, or zoning claims.	Approved wording: “1892 grain elevator structure, converted for live-work use in 2011.”	MN-02
J-02	Industrial history	Wisconsin	Use the same factual dates, with a qualifier that this is descriptive history and not a Wisconsin code or land-use conclusion.	Approved wording: “Descriptive history only: 1892 grain elevator structure; 2011 live-work conversion.”	WI-02
J-03	Access / adjacent records	Minnesota	Heronbank Energy easement file EB-17 may be named as an access context record; rights and obligations remain for counsel review.	Approved wording: “Adjacent access context: Heronbank Energy easement file EB-17 (counsel review).”	MN-03
J-03	Access / adjacent records	Wisconsin	Retain the same neutral context wording; do not characterize easement scope or infer Wisconsin treatment.	Approved wording: “Adjacent access context only; easement scope not characterized here.”	WI-03
J-04	School district context	Minnesota	Candlewick School District boundary note CSD-04 may be cited as context. No enrollment, quality, or value implication.	Approved wording: “Candlewick School District boundary note CSD-04 (context only).”	MN-04
J-04	School district context	Wisconsin	If shown to a Wisconsin audience, preserve the context-only label and avoid comparative school statements.	Approved wording: “Boundary context only; no school-quality representation.”	WI-04
J-05	Unresolved legal treatment	Minnesota	Do not declare compliance or advise on disclosure. Escalate any claim boundary or required disclosure question to counsel.	Treatment: “Counsel to confirm; no conclusion in look book.”	MN-05
J-05	Unresolved legal treatment	Wisconsin	Same escalation boundary; preserve uncertainty rather than declaring compliance.	Treatment: “Counsel to confirm; no conclusion in look book.”	WI-05

Use this matrix as a counsel review aid. It preserves distinctions and claim boundaries; it does not resolve legal questions.
