Settlement options and recommendation

Option	Amount	Projected timing	Practical outcome
Cash reimbursement	£2,765.95	Completes 23 Jun 2027	Usable then; matches Noor's stated cash preference.
Account credit	£2,765.95	Posts 21 Jun 2027	Earlier posting, but no practical use before 6 Jul 2027.

Recommendation: Cash reimbursement. Both routes have the same value. Cash is usable by 23 Jun 2027, while account credit's administrative speed does not overcome the documented wait until the next replenishment.
