How to prepare your application

Contents: Before you start | Prepare documents | Next steps

Before you start

Example content. Read the guidance.

Prepare documents

A completed form; supporting documents.

Next steps

Review your information before sending.

How to prepare your application / 1

Title
The page H1 is How to prepare your application.

Heading hierarchy
The sections are Before you start, Prepare documents and Next steps at H2.

Reading width
The desktop body column is specified as 65 characters maximum.

Line height
Body text uses a minimum 1.5 line-height.

How to prepare your application / 2

Paragraph spacing

Paragraph spacing is at least one body line.

Content distinction

The sample instructions are labelled Example content, not official eligibility rules.

Document list

The sample list includes A completed form and Supporting documents without inventing legal requirements.

TOC

A contents block links to all three H2 sections.

How to prepare your application / 3

Link distinction

Inline links are underlined rather than color-only.

Narrow measure

The 320 px specimen retains at least 16 px horizontal padding.

Text resizing

The handoff specifies reflow at 200% text size without loss of content.

Print transformation

The print specimen removes decorative navigation while retaining title and section headings.
